The Anti-Apartheid Movement For Palestine

Bin Veolia Campaign

Veolia is one of the final bidders proposing to build an incinerator facility in Leeds. Leeds Palestine Solidarity Campaign is campaigning to exclude Veolia for being complicit in Israel's violations of international and human rights law in Palestine.

Who is Veolia?

Veolia is a French multinational corporation deeply complicit in Israel's violations of international and human rights law. It assists Israel in its illegal occupation of Palestine. The company operates around the world under various pseudonyms including Connex, Onyx, Cleanaway, and TMM.

Why Boycott Veolia?

Veolia, by providing services to illegal settlements in Occupied Palestinian land, is complicit in grave breaches of international and human rights law committed by the state of Israel:

- Veolia is involved in the development of a tramway line in illegally Occupied East Jerusalem, linking illegal settlements in Occupied Palestinian Territory;
- Veolia operates in illegally Occupied Palestinian Territory, servicing settler bus routes, on roads built on stolen Palestinian land and access effectively denied to Palestinians in the Occupied West Bank;
- Veolia operates a 33 hectare landfill site, the Tovlan landfill, in illegally Occupied Palestinian Territory, servicing the occupier and dumping waste on the occupied.

TAKE ACTION NOW!!!

- ▶ **Write to your councillors**
- ▶ **Sign the Petition**
- ▶ **Attend meetings**
- ▶ **Inform others**
- ▶ **Protest**

Keep Leeds Clean, Keep Veolia Out
